**Nationality:** Indian

**Website:** <https://portfolio-pi-one-0usjbay29r.vercel.app/>

**Phone:** +49 176 84157752

**Date of birth:** 02 Sept. 1996

**LinkedIn:** <https://www.linkedin.com/in/ashwin-umarjikar>

**Github:** <https://github.com/umarjikar296>

## Summary

---

Front-end developer with React and Tailwind CSS skills. I build small web apps with clean UI, good layout, and smooth user experience. I use Git/GitHub and deploy projects on Vercel. I'm looking for a role where I can contribute and grow.

Frontend: React, JavaScript (ES6), HTML, CSS, Tailwind CSS.

UI/UX: Responsive design, reusable components, basic accessibility.

Tools: Git, GitHub, Vite, npm, Vercel, Chrome DevTools.

## Projects

---

### Food App (Restaurant Menu + Cart) | React, Vite, Redux Toolkit | Vercel

- Built a simple restaurant page layout with category sorting and a search bar to find items quickly.
- Implemented Add to Cart with a floating cart, including quantity controls and price calculations.
- Deployed the project on Vercel and managed updates through GitHub.

Github: <https://github.com/Umarjikar296/Food-App.git>

### Portfolio Web App | React, Vite, Framer Motion

- Built a personal portfolio website with a clean, modern UI to showcase projects and skills.
- Added smooth animations and transitions using Framer Motion for a better user experience.
- Designed a responsive layout for mobile and desktop and kept the code component-based and reusable.

## Next.js Food Delivery (First Full-Stack Project) | Next.js | Vercel

- Built my first full-stack app to learn the complete flow: frontend → API → database (main focus on backend logic).
- Implemented role-based access with separate flows for users and restaurants (restaurant-side operations handled through APIs + DB).
- Deployed the project on Vercel and managed code with GitHub.
